# Addiction Medicine Weekend

**Albany Medical College CME Program  
November 13 and 14, 2015**

*15% of your patients  
may abuse drugs.*

## ABOUT THE COURSE

Although substance abuse is a leading cause of death, disability and disease in the United States today, several surveys have shown that physicians are not adequately trained to recognize and treat addicted patients nor to identify susceptible populations and help prevent addiction. To help address these deficiencies, and to help produce a cadre of physicians who are competent to mentor medical students, a weekend CME course on addiction medicine will be sponsored by Albany Medical College (AMC) on November 13 & 14, 2015. The course will consist of several presentations given by experts in the field. This course is organized and directed by Dr. Stanley Glick from AMC and Dr. Steven Kipnis, former medical director of the NYS Office of Alcoholism and Substance Abuse Services (OASAS).

## TARGET AUDIENCE

Although this course is designed for physicians and addiction counselors, other healthcare providers are welcome.

## EDUCATIONAL OBJECTIVES

Upon completion of the course, the participant will be able to:

- Understand the neurobiological mechanisms mediating addiction as well as the actions of pharmacological treatments.
- List common characteristics of patients presenting with substance misuse and abuse problems.
- Recognize the importance of routinely asking all patients about alcohol, tobacco and other drug use.
- Perform age, gender, and culturally appropriate substance abuse screening and treatment.
- Appreciate ethical and legal issues involved in addiction treatment.
- Use effective methods of counseling patients to help prevent substance abuse disorders.
- Refer patients with substance abuse disorders to appropriate treatment settings.
- Appreciate the issues associated with using opioids to treat pain and injury in the context of substance abuse.

## ACCREDITATION

Albany Medical College is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Albany Medical College designates this Live activity for a maximum of 10.25 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

For counselors, this conference is also approved for 10.25 CASAC hours through NYS OASAS.

## REGISTRATION (AMC and OASAS Staff FREE)

Registration is required for all participants by October 10.

Tuition is free for AMC and OASAS employees, although donations are most welcome (e.g., \$50).

Tuition for all other participants: Physicians \$250.00 Others \$200.00

**Confirmation:** If you do not receive a confirmation of your registration by October 20, please call (518) 262-5617 or (518) 262-5303.

**Refund Policy:** Refunds minus a \$25.00 administration fee are possible if written notification is received by October 10.

## LECTURERS

### Michael R. Delman, MD, FACP, FAGG

Senior Vice President Academic Affairs, Southside Hospital, North Shore LIJ Health System & Assistant Professor of Medicine, Hofstra North Shore LIJ School of Medicine, Bay Shore, NY

### Brian M. Freidenberg, PhD

NYS Licensed Psychologist, SUNY, Albany, NY

### Philip A. Gianelli, MD

Medical and Clinical Director, Board Certified, ABPN, ASAM, ABAM West Midtown Medical Group, New York, NY

### Stanley D. Glick, PhD, MD

Professor Emeritus, Center for Neuropharmacology and Neuroscience, AMC, Albany, NY

### Robert Killar, CASAC, ICADC

Addiction Specialist, WWE, Inc., Stamford, CT

### Steven Kipnis, MD, FACP, FASAM

Clinical Associate Professor of Medicine, AMC, Albany, NY

### Petros Levounis, MD, MA

Chair, Department of Psychiatry, Rutgers-New Jersey Medical School Newark, NJ
